Conductive Polymer Tantalum Solid Capacitors

Dimension of carrier tape

- **Unit (mm)**
  - **The (+) Polarity of the chip is placed on right side towards the unreeling direction.**
  - **Dimension of the topcover tape. Thickness of cover tape: 62±10 μm, Width of cover tape: 9.5±0.2 mm (φ180)**

Reel dimension

- **Unit (mm)**
  - **Minimum packing quantity and weight**
    - **Small order quantity (500 pcs/reel) is available with TPE, TPF and TQC series. Please contact our sales representative if you prefer it.**

Dimension of packing case

- **Units per packing case**
  - **Size code**
    - **Pieces/case**
      - **S09, A09** 15000
      - **A14** 12500
      - **B09, B1** 15000
      - **B1S, B1G** 12500
      - **B15G** 12500
      - **B2, B2S** 10000
      - **B15** 22500
      - **D15** 15000
      - **D15E** 20000
      - **D2E, D2** 15000
      - **D3L** 12500
      - **D4** 10000

---

**Packing specifications**

**Dimension of carrier tape**

- **Sprocket hole**
  - **Component compartment**

**Reel dimension**

- **Unit (mm)**

**Minimum packing quantity and weight**

- **Typical weight (g)**

**Dimension of packing case**

- **Unit (mm)**

---

**S09/B09 (TPU), A09/A14 (TPH) is not a recommended product.**
