Notice of Specification Change for Operating Lever of MINAS-A4 Series, A5 Series and A5II Series AC Servo Driver

We will change the specification of the operating lever that comes with AC Servo Driver.
We appreciate your understanding.

■ Target Models:

AC Servo Driver: MINAS-A4 Series, A5 Series and A5II Series (Frames A to D)

(Model number) M*D*T△△△△△△△

The fourth digit from the left of the driver model number shows D, H, or K (series symbol).

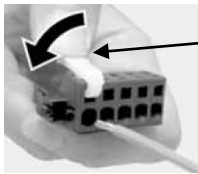

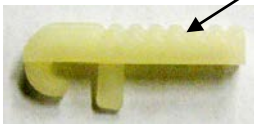

D is for A4, H is for A5 and K is for A5II Series.

The second digit from the left of the driver model number shows A, B, C, or D (driver frame symbol).

■ Reason of the change

This material change is done for the purpose of standardization and operability improvement.

■ Details of the change

Target part	 <div>Operating Lever</div>
