Notice of Change in the Nameplate Specifications of AC Servo Motors

We will change the nameplate specifications of AC Servo Motors as follows.
We appreciate your understanding.

■ Target Models:

MINAS Series AC Servo Motors
MSMA (1.0 kW or higher)
MDMA (1.0 kW or higher)
MFMA (400 W or higher)
MHMA (500 W or higher)
MGMA (900 W or higher)

* Models starting with first four digits shown above and motor output specification (kW or W) mentioned in the parentheses.

■ Reason of the change:

The nameplate design will be changed for standardization purposes.

■ Details of the change:

The layout of the nameplate will be changed as follows.

* There will be no changes in the nameplate material specifications (the label material, ink and dimensions) or the location where the nameplate is affixed.

Example: MSMA102S1C (MSMA, 1 kW)

Current	After change

■ Schedule: The change will apply to products manufactured from April 2014 onwards.

■ Others: The functions and performance of the products will not be changed.
