Notice of Changes to Instruction Manuals (Safety) and Packaging Labels of the Gear Heads for Shin-G Series Compact AC Geared Motors

Thank you for your continuous support and efforts to our business.
Hereby we would like to inform you about the changes to the Instruction Manual (Safety) and packaging labels of our gear heads, following the revision of China RoHS regulations.
We hope to your understanding and cooperation with this matter.

Kind Regards

- Particulars -

■Applicable models: All models of gear heads for Shin-G Series Compact AC Geared Motors

Flange sizes	Applicable model numbers
42 mm square motor type	Models starting with "M4GA..."
60 mm square motor type	Models starting with "MX6G..."
70 mm square motor type	Models starting with "MX7G..."
80 mm square motor type	Models starting with "MX8G..."
90 mm square motor type	Models starting with: "MX9G..." "MY9G..." "MZ9G..." "MP9G..." "MR9G..."

■Reason for the change

We must change the indication of production lot numbers and information on prohibited substances due to revision to the regulations of the China RoHS "Management Methods for the Restriction of the Use of Hazardous Substances in Electrical and Electronic Products."

Before: Regulation No. SJ/T11364-2006

After: Regulation No. SJ/T11364-2014

* Regulation No. of the Chinese environmental laws, "Management Methods for the Restriction of the Use of Hazardous Substances in Electrical and Electronic Products."
