[Important] Discontinuation of AC Servo Motor and Driver: MINAS A4 Series

Thank you for your daily support and efforts to our business.

This is to inform of discontinuation of AC Servo motor and driver, MINAS A4 series, as they have got difficult to produce due to discontinuation of main parts.

Your understanding and cooperation would be really appreciated

■ Affected Models: All models of MINAS A4 Family

Driver: M * DDT * * * * * *

└─┬─┘ Model number with "DDT" at third to fifth characters

First Character: M

Motor: Motors applied to the drivers of MINAS A4

*Optional parts except for common items with other series would be discontinued.

■ Background: Difficulties to purchase of main parts due to discontinuation

■ Last Order and End of Production

Last Order : End of October, 2018

End of Production : End of April, 2019

The timing of the end of production might get earlier due to shortage of the parts stock, although the objective parts have been ordered based on the discontinuation schedule above.

■ About After Service

Although requests of the after service would be accepted until the end of Mar/2026, the repair might be impossible due to shortage of the parts stock or damage of the products.

We really appreciate your understanding.

For more information, please contact our sales representative or website.

■ Successor Models

• MINAS A6 Series

Please kindly check the specifications in detail at customer side to adopt.

The detailed specifications can be checked in our catalogue and our website.
